PROFILE

Private Equity Fellow at IVCA, India's apex body for 500+ private equity, venture capital and alternate capital funds, and CFA Level I candidate (November 2026). Work with fund partners across research, engagement, webinars and events. Publish independent investment research, including an investment memo on an Indian deep tech startup. Looking for analyst roles in VC, PE and private credit.

EXPERIENCE

Private Equity Fellow, Indian Venture and Alternate Capital Association (IVCA) **Feb 2026 - Present**

Private Equity Ecosystem Team | New Delhi | India's apex industry body for private equity, venture capital and alternate capital

- **Webinars:** Curate topics for IVCA's #WhatsNext webinars and bring fund partners onto the panels, from first outreach to the live session. The June 2026 private credit webinar had partners from Kotak Alternate, Neo, Stride Ventures, Aavishkaar, Ascertis, Lighthouse Canton and Kroll, and drew 308 registrations and 205 peak live attendees. Next: growth capital in AIFs, November 2026.
- **Fund research and engagement:** Research PE, VC and private credit funds and set up calls with their partners to engage them on IVCA's platforms (#TheContext, Fund in Focus, Private Equity Pulse, Milestone Makers). Keep 50+ funds in active discussion, with new pieces going live every week and 15+ published so far.
- **Event websites:** Designed the websites for IVCA's Private Credit Summit 2026 and Secondaries Conference 2026, replacing the old single-page event template with new multi-page layouts. Planned the structure and UI/UX, briefed the build team and kept speaker and partner details current.
- **Events and vendors:** Managed vendors for the IVCA Conclave, Private Credit Summit and Buyouts Summit, from sourcing and negotiation to delivery, and coordinated speakers and partners for flagship summits.

Independent Consultant, Digital Strategy and Content **Jul 2021 - Aug 2025**

Self-employed | Multi-client

- Ran an independent client book alongside full-time study, handling scoping, client queries, delivery and pricing without supervision across concurrent accounts.

INDEPENDENT RESEARCH

khuswantsharma.com, Independent Investment Research **2026 - Present**

Self-built website (designed and built with Claude Code) for publishing original investment research

- **SatLeo Labs investment memo (Oct 2026):** An independent memo on an Ahmedabad thermal-imaging satellite startup. Covers bottom-up market sizing, competition, unit economics, funding and cap table from MCA filings, risks, and neutral and bull return scenarios using a revenue-multiple method.
- **Tax Without Recognition (Jul 2026):** A 19-page report from primary sources on India's virtual digital asset regime and the gap between the RBI's position and a July 2026 Parliamentary Standing Committee recommendation, with data charts and a full method and sources section.
